Re: Notification of AWS Certification of Nestlé Waters Egypt

Summary:

Nestlé Waters Egypt is seeking Alliance for Water Stewardship™ (AWS) certification for their facility at Benha, Kafar El Arabein, Kalyoubia, Benha, Egypt. Please contact SCS Global Services with any comments regarding this certification (contact information below).

In pursuit of AWS certification, Nestlé Waters Egypt will be undergoing an evaluation (AWS Registration code: AWS-010-INT-CAB-00-05-0004-0038 on July 16/17, 2019).

The facility currently produces bottled water products under the brand names of natural drinking water" are Nestle Pure Life (NPL) and Baraka. The certification evaluation will be conducted by SCS Global Services (SCS), an AWS-accredited Conformity Assessment Body. AWS certification evaluates whether the use of water at a particular site is socially equitable, environmentally sustainable, and economically beneficial.

Performance shall be evaluated against the AWS International Water Stewardship Standard (Version 1.0; 2014). A copy of the standard and more information about AWS is available at <https://a4ws.org/the-aws-standard-2-0/download-the-aws-standard-2-0/>

SCS Global Services (SCS), an AWS-accredited certification body based in Emeryville, California, will conduct this AWS Evaluation. Information about SCS can be found at www.scsglobalservices.com.

SCS welcomes public participation in the form of in-person or written commentary. When possible, SCS will arrange to meet with interested parties; ideally, all comments should be submitted before the evaluation commences. All submissions should be supported with objective evidence, whenever possible. Comments will be kept confidential upon request. All input should be directed to:

Warrick Stewart, AWS Lead Auditor
